335 Cylinder-bed sewing machine for industry and handicraft

PFAFF 335-G:
Standard equipment with large hook and 40% more bobbin thread than standard
PFAFF 335

Lockstitch, cylinder-bed sewing machine with unison feed.

The modern, industrial housing is designed taking into account strict ergonomic aspects.

Quality and efficiency are the hallmarks of this cylinder-bed sewing machine.

Areas of application:
This cylinder-bed sewing machine can be used for:
■ leather accessories
■ leatherwear
■ upholstery
■ shoes.
(on request only: machine available with small hook)

It is suitable for:
■ working on tubular or pre-attached articles
■ standard sewing work on leatherware, bags and lethercraft articles
■ binding of shoes and leatherware with leather, imitation leather or textile tape
■ piping work on bags, suitcases and upholstery
Special features:

- **Excellent sewing quality** with high performance and sewing reliability.
- Precise and **consistent stitch setting** on all materials.
- **Very neat bindings**, even inside and outside curves, thanks to the moving binder, and tape is held close to the binding edge.
- Fewer bobbin changes when using G-version (large hook)

Sub classes:

- **-2/27** For leathcraft work.
  Small-size part set (smooth surfaced sewing parts).
  Edge guide mounted on cylinder bed.
- **-6/01** For general seaming work; standard part set.

Work aids:

- **-900/52** Thread trimmer (electro-mechanically controlled)
- **-910/98** Automatic presserfoot lifter (electropneumatically activated)
- **-913/52** Automatic needle positioner in connection with electronic motor for machines without **-900/52**
- **-925/03** Maintenance unit for pneumatically controlled work aids

For binding operations, **90° tape in-feed**.
Attachment mounted on retractable bracket.

For binding operations, both edges folded in, **90° tape in-feed**, attachment mounted on retractable bracket.

Sewing in piping between two material plies, piping guide retractable, attachment fixed. Available as N 2.5 (stitch length max. 2.5 mm) or for max. stitch length of 4.5 mm.

* available with -900/52

** Subclasses available from spare parts service.
  Sample and material required.
Specifications:

Stitchtype:
301 (lockstitch)

Max. sewing speed:
2800/s.p.m.

Max. stitch length:
6 mm (N)

Model: B

Clearance under the sewing foot: max. 14 mm

Top feed stroke:
7 mm

Clear work space:
265 mm

Clear work height:
115 mm

Cylinder bed dia: 51 mm

Cylinder bed circumf.:
approx. 165 mm

Needle system: 134-35

Needle thickness: 80-100

Thread type:
synth. 40/3

Balance wheel eff. dia:
80 mm

Working air pressure:
6 bar

Net weight (head):
approx. 32 kg

Net weight (head in carton): approx. 40 kg

The machine is equipped with finger-guard, belt- and take-up lever guards as standard.
